

## GOES 30 MILES TO GET MORE TANLAC

Throws Walking Canes Away  
After Tanlac Relieved His  
Rheumatism, He Says—Has  
Gained Fifteen Pounds.

"When I first started on Tanlac I was so crippled up with rheumatism that I had to use two walking sticks in order to get about at all. But after taking five bottles, every pain is gone and I have gained fifteen pounds besides," said William (Chas.) J. West, 31 West Riverside avenue, Spokane, Wash.

"Rheumatism was only one of the many troubles that Tanlac relieved me of," he continued. "I had suffered with a bad stomach for twelve years. Gas would form after I had eaten and almost cut off my breath. I had a terrible burning in the pit of my stomach. I had awful pain in the small of my back and constant headaches. Then rheumatism set in and I was laid up flat on my back for several weeks, hardly able to move.

"Well, to make a long story short, Tanlac just simply did wonders for me. Before I finished my second bottle I had thrown away my canes and could walk as well as anyone. All the rheumatism left. I had to drive thirty miles to get one bottle of the Tanlac, our local druggist here out here. I would do so again under the same circumstances.

Tanlac is sold in Memphis exclusively by Weiss Pharmacy (successor to Jacob's Pharmacy), Main street and Union avenue, and Warner Drug Co., Gayoso Hotel block.

## ACTRESS TELLS SECRET

A Well-Known Actress Tells How  
to Darken Gray Hair With a  
Simple Home-Made Mixture.

Joseph Williams, the well known American actress, who was recently playing at the Imperial Theater in St. Louis, Mo., made the following statement about gray hair and how to darken it:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray, streaked or faded hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of barbo-champ, and 1/2 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or any druggist can put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look 20 years younger. This is not a dye. It does not color the coat delicate scalp, is not sticky or greasy and does not rub off."
